**(viii) RESEARCH PROJECT/DISSERTATION:** Students choosing a 4-Year Bachelor's degree **(Honours with Research)** are required to take up research projects under the guidance of the assigned faculty member of College/ University. The students are expected to complete the **Research Project in the 4th Year of study**. **(ix) PEDAGOGY ACROSS ALL PROGRAMMES:** Effective learning requires an appropriate curriculum, an apt pedagogy, continuous formative assessment and adequate student support. The intention is to contextualize curriculum through meaningful pedagogical practices, which determine learning experiences directly influencing learning outcomes. Active, cooperative, collaborative and experiential learning pedagogies are some of the examples. The use of technology in creating a learning environment that connects learners with content, peers and instructors all through the learning process, respecting learners' pace is the need of the hour.

a) Classroom processes must encourage rigorous thinking, reading and writing, debate, discussion, peer learning and self-learning.

b) The emphasis is on critical thinking and challenge to current subject orthodoxy and develops innovative solutions. Curricular content must be presented in ways that invite questions, not as a body of ready knowledge to be assimilated or reproduced. Faculty should he facilitators of questioning and not authorities on expertise.

c) Classroom pedagogy should focus on the 'how' of things, i.e. applying theory and ideas. All courses, including social sciences and humanities, should design projects and practicums to enable students to get relevant hands-on experiences.

d) Learning must be situated in the Indian context to ensure no sense of alienation from their context, country and culture.

e) Classroom processes must address issues of inclusion and diversity since students are likely to be from diverse cultural, linguistic, socio-economic and intellectual backgrounds.

f) Cooperative and peer-supported activities must be part of empowering students to take charge of their own learning.

g) Faculty will have the freedom to identify and use the pedagogical approach best suited to a particular course and student.

-----------------------------------------------------------------------------------------------------------------------
**DRAFT REGULATIONS OF CCFUP (NEP-2020), VIDYASAGAR UNIVERSITY, 2023-24**

---

h) Pedagogies like PBL (Problem/Project Based Learning) and Service Learning be brought into practice as part of the curriculum. Experiential learning in an internship with a specified number of credits is to be made mandatory.

i) UGC suggests implementing Blended Mode as a new mode of teaching-learning in higher education. Blended Mode is not a mere mix of online and face-to-face mode, but it refers to a well-planned combination of meaningful activities in both modes. The blend demands consideration of several factors, mainly focusing on learning outcomes and the learner centric instructional environment.

Implementing Blended Mode requires a systematic, planned instructional process. An effective teaching- learning process in a blended environment calls for understanding and skil1s of using appropriate pedagogies with suitable technologies. The UGC Concept Note provides guidelines for the implementation of Blended Mode.

**(x) ACADEMIC BANK OF CREDIT (ABC):** The Academic Bank of Credit, a national-level facility, is a prime attribute in NEP for imparting flexibility to the curriculum framework and interdisciplinary/ multidisciplinary academic mobility of students across the higher education institutions (HEIs) in the country with an appropriate "credit transfer" mechanism. It is a mechanism to facilitate the students to choose their own learning path to attain a degree/ diploma/certificate, working on the principle of multiple entry and exit as well as anytime, anywhere, and any level of learning.

The multiple entries and exit options through ABC for students are facilitated at the undergraduate levels. It would facilitate credit accumulation through the facility created by the ABC scheme in the "*Academic Bank Account*" opened for students across the country to transfer and consolidate their credits by undergoing courses in any eligible Higher Education Institutes (HEIs).

*Vidyasagar University offering multiple entries and exit system is registered in the ABC platform to enable credit transfer" and credit acceptance.* The ABC allows for credit redemption by commuting the accrued credits in the Academic Bank Account maintained in the ABC to fulfill the credits requirements for awarding certificate/diploma/degree by the University. Upon collecting a certificate, diploma or degree, all the credits earned till then, in respect of that Certificate or degree, shall be debited from the account concerned.

The *validity of credits earned will be for a maximum period of* **Seven Years for undergraduate level** *at the Academic Bank of Credit (ABC).* The procedure for depositing credits earned, its shelf-life, the redemption of credits would be as per UGC.
